

HUTCH
Fleet Management Systems

“Hutch’s **GPS Tracking** is full featured and supplemented by **Diagnostic** reports.
IFTA Tax calculations took us less than 30 seconds to compute.
The **2-Way messaging** feature is convenient and **E-Log devices**
are designed for ease of use.”

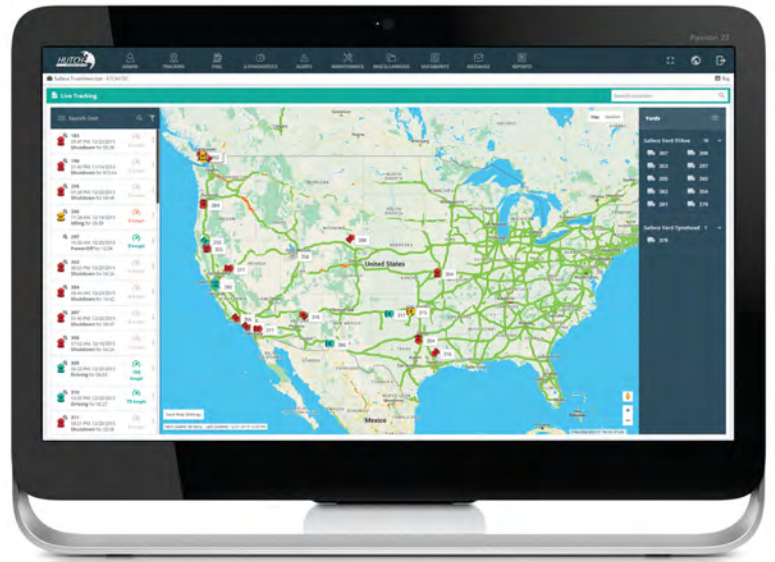

- Jason Bhangu, NCT

Innovative products and solutions

Hutch Systems offers a World Class Fleet Management System to Charter Bus Companies throughout North America.

Our Web based solutions:

- Provide improved visibility into the status of your fleet assets.
- Help you effectively meet your compliance and regulatory obligations.
- Leverage both Cloud Computing and Telematics to improve utilization of your equipment.
- Provide a scalable platform to manage your fleet growth.

Key Differentiators

- Installation of hardware is easy and takes less than 10 minutes per bus
- IFTA taxes are calculated in less than 15 seconds and can be printed, signed and submitted
- Diagnostics information is provided in addition to location
- Invest heavily in product design and development
- Product design is based on customer inputs and feedback
- Hardware, Software and Services are offered as a market-ready integrated solution

“ Hutch is **different**. Their products are **uncomplicated**.
They are all about **customer-care**.
They **respond** when we have a need.
Their product training and service are **second to none**. ”
We would recommend them to any trucking company.

- Sam Sharma, Mountain Eagle Company
